## WALDKLANG 2011 PROJECT TESTIMONIAL:

### **ELIRAN HASSON**

Eliran Hasson supported our culture event „Waldklang 2011“ ([www.waldklang.at](http://www.waldklang.at)) in an fantastic way and we are very happy that Eliran Hasson was (and hopefully will be again) part of our program!

Children loved his „soap bubble clown“ performance and you could hear them laugh all over the venue!

The workshops („african singing“ and „african drumming“), which were been held by Eliran Hasson, were visited very well and our festival team got compliments for Eliran Hasson!

Together with 2 friends/musicians Eliran Hasson performed „Hangkreise Concerts“ at our culture project „Waldklang 2011“! The Art Lounge, where the concert was been held, was totally stocked and the band got very very long applause and gratulation!

Our culture community is very happy that Eliran Hasson worked with us on our beloved project: Waldklang Winterfestival!
